The 1st International Workshop on Remote Sensing Intelligent Mapping (RSIM)
The University of Hong Kong
November 29 – December 1, 2024

Invitation Letter

September 11, 2024

Prof. Xuecao Li
China Agricultural University

Dear Prof. Li,

We cordially invite you to attend at *the 1st International Workshop on Remote Sensing Intelligent Mapping (RSIM)* (<https://www.geog-event.hku.hk/rsim>), hosted and coordinated by The University of Hong Kong and Tsinghua University, taking place at the University of Hong Kong from November 29 to December 1, 2024. This workshop themed "Crowd Intelligence Empowering Remote Sensing Innovation & Interdisciplinary Collaboration" aims to explore the latest advancements and future trends in intelligent remote sensing mapping, covering theoretical frameworks, technological methods, and specialized applications. Kindly be advised that travel expenses, accommodations, and registration fees will be your responsibility.

We look forward to seeing you at The University of Hong Kong. Please do not hesitate to contact us if you require further information or assistance.

Best regards,

Bing Xu, Professor
Department of Earth System Science, Tsinghua University

Yuyu Zhou, Professor
Department of Geography, The University of Hong Kong
